

Burlington County Special Services School District Transition Campus

The BCSSSD Transition Campus is designed for students between 18 and 21 years of age to enhance their educational development and connection to the world of work. This program is a bridge to assist students with their life goals.

Our personalized curriculum focuses on:

- Career awareness
- Daily living & personal skill development
- Decision making & problem solving
- Effective communication
- Employability skills
- Goal setting
- Personal financial literacy & responsibility
- Preparation for college & career readiness
- Self-advocacy
- Student-centered planning
- Work experience portfolio

Students may participate in paid vocational work opportunities as well as unpaid community work-based experience programs. The Community Based Instruction Program (CBI) is an unpaid, meaningful and valuable educational experience to assist students in the discovery of their interests. CBI provides hands-on experiences to assist students to bridge the learning between classroom instruction and the real-world work environment.

Selected Internships:

Acme	Marshalls	
Burlington County Library	NJ Bagel Shop	Brookdale
Nursing Facility	Sacred Heart School	
Courtyard by Marriott	Saint Vincent DePaul Food Pantry	
Dollar Tree	Westampton Diner	

The Structured Learning Experience (SLE) program provides students the opportunity to gain paid work experiences in their local community. Students benefit by exploring career interests while developing their ability to learn and apply new skills. Students are exposed to real world jobs and are provided with the employability, communication, social and safety skills required to be a successful, integrated employee and a productive member of their community.

The Transition Campus is in the process of partnering with Rowan College at Burlington County (RCBC) to offer undergraduate course work opportunities
